PROFESSIONAL SUMMARY

Results-driven Junior Frontend Developer with hands-on experience building responsive, performant web applications using React.js, Next.js, and Tailwind CSS. Proficient in modern state management (Redux, Zustand) and the TanStack ecosystem (Query, Router, Start). Comfortable working in agile teams using Git and Azure DevOps. Passionate about clean code, intuitive UI/UX, and continuous learning.

EXPERIENCE

Populus Empowerment Network

Jan 2025 – Jun 2025

Junior Frontend Developer — Intern

- Built and maintained web application features using React.js and Next.js, contributing to production code reviewed by senior engineers.
- Developed reusable, responsive UI components with Tailwind CSS, reducing styling inconsistencies across the codebase.
- Integrated REST APIs using Axios and Fetch API to connect frontend views with backend services.
- Collaborated with the design team on UI/UX improvements, translating Figma mockups into pixel-perfect components.
- Used Git and Azure DevOps for version control, code reviews, and sprint tracking in an agile workflow.
- Participated in daily stand-ups, sprint planning, and retrospectives, strengthening team communication skills.

Populus Empowerment Network

Jul 2025 – Apr 2026

Junior Frontend Developer

- Promoted to full-time role, taking increased ownership of feature development across production applications.
- Led frontend implementation of new UI modules in React.js and Next.js, collaborating with product and design teams.
- Adopted TanStack Query (v5) for server-state management, replacing manual fetch logic and reducing boilerplate.
- Implemented type-safe client-side routing using TanStack Router across multi-page application flows.
- Managed complex application state using Redux Toolkit and Zustand, improving maintainability and performance.
- Conducted code reviews for interns and contributed to internal documentation to streamline team onboarding.

PROJECTS

Cricket Ground Management System | [HTML](#) · [CSS](#) · [JavaScript](#)

- Designed and built a full booking and scheduling system with real-time slot availability checks and dynamic management.
- Implemented client-side form validation and a fully responsive layout using CSS Grid and Flexbox for all screen sizes.

Violence Detection System | [Python](#) · [YOLOv5](#) · [OpenCV](#)

- Trained and fine-tuned a YOLOv5 model for real-time violence detection in CCTV footage, achieving high test precision.
- Built an instant security alert pipeline upon violence detection; optimised inference to run on standard CPU hardware.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS
State Management	Redux Toolkit, Zustand
TanStack	TanStack Query (v5), TanStack Router, TanStack Start
API & Backend	REST API Integration, Axios, Fetch API, Python (Core, OOP)
Tools & DevOps	Git, GitHub, Azure DevOps, VS Code
Design	Responsive Web Design, Figma (basic), UI/UX principles

EDUCATION

Master of Computer Applications (MCA) St. Xavier's College, Tirunelveli	2023 – 2025
Bachelor of Science — Chemistry St. Xavier's College, Tirunelveli	2019 – 2022
Higher Secondary Certificate (HSC) Boo Vijesh Matric Hr. Sec. School	2019
Secondary School Leaving Certificate (SSLC) Boo Vijesh Matric Hr. Sec. School	2017

SOFT SKILLS

- Problem solving & analytical thinking
- Team collaboration & communication
- Time management & attention to detail
- Quick learner — adapts to new tools rapidly

INTERESTS & LANGUAGES

- Photography & video editing
- Cricket

Languages: English · Tamil
